A **BIG** dose in a **little** bite.

# Granola Grands™

Delicious. Solventless. Potent.

**Large enough for rationing, small enough to enjoy in one sitting.**

Each Granola Grand serving can easily be broken in half—or even smaller portions—for those who don't wish to consume the entire portion at once. (Consult with your recommending physician for proper titration and dosing of cannabis edibles products.)\*

**A healthier option for cannabis consumption.**

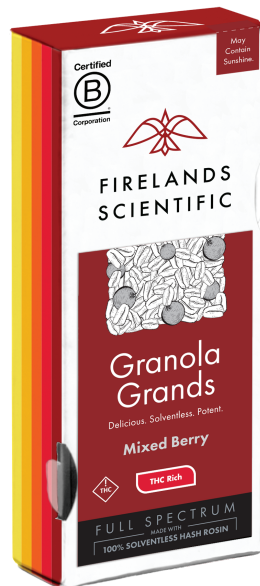

Our Granola Grands are hand-crafted in Huron, Ohio, without artificial sweeteners.
